Hi Elly - Hope you had a great weekend. We will be sending you a memo and maps today with an updated middle reach sampling design for your review. We'd be happy to discuss it on Wednesday afternoon (or another time if Wednesday doesn't work).

I will get it to you as soon as possible today.

Thanks!

Kathy – What was the upshot of your discussions with LDWG on this topic?

I am out tomorrow, but would also like to know what you heard on the topic of the middle reach sampling design. If you call me before 1, I'll probably be able to pick up the phone. Otherwise, NEXT week.
